

Alien vs Predator

An exciting team-building adventure. Through push notifications, you immerse yourself in the story and functionality of the application. Teams develop their identity by choosing a name and symbol, then construct fortresses with received materials, adhering to specific requirements. Battle costumes are meticulously crafted as teams focus on rapidly defusing mines. A representative motivates the team with a motivational speech, preparing them for the confrontation. Finally, victory is celebrated with an energetic dance, including the Haka, marking the epic moment of success against the invaders.
