

P U F I N .

The team-building journey unfolds through a series of whimsical stages, akin to life's passages, beginning with a reflective photo activity capturing the essence of pre-birth existence. Amidst camaraderie, twelve teams embark on this odyssey, navigating through the corridors of life's stages, from the innocence of infancy to the solemnity of passing. Each stage presents an artistic challenge, a tapestry of creativity and collaboration, as teams sculpt identities, craft invitations, and unravel the mysteries of hidden numbers. With fervour and flair, they recreate the sanctity of matrimony, construct dreams in cardboard, and tenderly adorn the traditional Coliva dessert, weaving narratives of laughter and legacy. Through trials and triumphs, they find solace in shared moments, honouring life's rich tapestry, culminating in a heartfelt celebration of life's kaleidoscope.

The 4 Stages of Life
