## (G)Reenactment

Participants are immersed in an atmosphere of excitement and constructive chaos! We start with an online movie night, then dive into action with an epic competition of historical reenactments and motivational manifestos. Teams gather for energetic brainstorming sessions, hilariously inventive pitches, and frenzied hunts for eco-friendly materials and props. Next come the funfilled shootings and the creation of "wow"-style manifestos. In the end, we reward the most epic reenactments and manifestos, and everyone has a blast while building and developing together!
