

YARDSALE TEAMBUILDING

Yard Sale Teambuilding offers a dynamic fusion of creativity and teamwork. Participants begin by sharing personal stories behind cherished items they won't sell. Teams then craft brand identities for their "vintage pop-up store," incorporating company values and shared objects. Engaging in fun challenges like basketball and scavenging for reusable materials, teams design their sales counters and create delicious lemonade concoctions. The event culminates in a fair where teams showcase their items and celebrate with awards, fostering camaraderie and lasting memories captured in photographs.
