

The Flamingo Teambuilding event offers a quirky and engaging experience for participants. It begins with a teleparty watching a documentary about flamingos, followed by challenges like balancing on one leg like a flamingo, "fishing" for shrimp using clothespins, and creating persuasive videos advocating for flamingos on Mars. Participants also enjoy a flamenco workshop, improvised cricket with plastic flamingos, building muddy nests, crafting a company manifesto inspired by flamingo attributes, and culminates in a vibrant Flamingo Party with inflatable flamingos, pink accessories, and themed cocktails, encouraging camaraderie and creativity.
